

350 Points Bicycle Rally Slowdown

Sunday 25 October 2009

Register 9.30 to 10 am

www.massbug.org.au

What is it?

A 7km ride to 10 sustainable sites of the inner west.

Do it on your own or join a team.

Answer a simple question about each stop to collect points.

Why 350

Scientists say that 350 parts per million CO₂ in the atmosphere is the safe limit for humanity. This is part of an international day of creative actions promoting the lowering of carbon dioxide to a safe level.

More at www.350.org

and www.350.org/aus/index.html

What to bring

Bring your bike, in good working condition, your helmet, some water and sunscreen.

How to get started

It's free to enter.

Register yourself or your team on the day, or join the Massbug ride.

Pre-register your team or for the Massbug ride by emailing your names to massbug@massbug.org.au

Registration and starting point

Newtown Neighbourhood Centre,
King and Australia Sts, Newtown

Finish

Community Centre, Addison Road
Marrickville

How to win?

Two teams or individuals can win.

The first winner will be the first to register their arrival at 12 noon and answers to the questions add up to 350 points. The second will be the team or individual who registers at 1pm and get 350 points to the questions. There will be modest prizes for the two winning teams.

Speeding to get to the end first won't necessarily result in a win!

Route Maps and Quiz Questions will be supplied at registration.
